

International Shipping Form

I understand that the SOS Diagnostics company is not responsible for Customs and/or Duties charges incurred by receiving my package.

To reduce these charges, I will mark customs documents to indicate that the items being shipped are sent for repair only. No purchased items or manufactured products are changing hands. These charges are generally billed when items are not described correctly and given a high monetary value.

Further, I agree that if my shipper bills SOS Diagnostics any additional charges incurred from US Customs for my shipment, SOS Diagnostics has authorization to charge the credit card provided for the applicable job.

If additional charges are billed, SOS Diagnostics will notify me by email and provide a receipt for the transaction.
